EDUCATION

KENNESAW STATE UNIVERSITY — Kennesaw, GA
Bachelor of Business Administration, Information Security and Assurance | Magna Cum Laude — Aug 2022 - Dec 2025
Cumulative GPA: 3.92/4.0; President's List (5x), Dean's List (1x)
Relevant Coursework: Incident Response, Systems Security, Cloud Security, Auditing, Python, Java

USG GOES GLOBAL — London, UK
Study Abroad Program in Cybersecurity and International Business and Globalization — Jun 2024 - Jul 2024
Relevant Skills: International Culture, Adaptability, Problem Solving

RELEVANT EXPERIENCE & PROJECTS

Cyber Tree Systems - Cyber Defense Capstone
Incident Response Project — Aug 2025 - Dec 2025
- Developed a 30+ page Incident Response Plan including roles, playbooks, communication templates & severity classifications.
- Served as Incident Response Manager during the final TTX, directing detection, containment, and recovery efforts.
- Led cross-functional teams, maintained structured communication, and followed NIST 800-61 aligned response workflow

Systems Security – Vulnerability Assessment Report — Aug 2025 - Dec 2025
Server Hardening & Risk Analysis Project
- Conducted vulnerability assessments on Windows & Linux servers using scanning tools and manual verification.
- Identified misconfigurations, exposed services, and high-risk vulnerabilities; recommended CIS Benchmark–aligned remediation.
- Delivered a technical report detailing findings, exploitability, business impact, and prioritized mitigations..

IT Audit Risk Analysis - ABC Company
IT Audit Class Project — Jan 2025 - May 2025
- Evaluated IT controls using narratives mapped to SOX & governance frameworks.
- Identified gaps in authentication, logging, access control, and change management; proposed risk-reduction strategies.
- Presented structured audit findings to strengthen IT governance and compliance posture.

AutoLink - AWS Cloud Security Architecture — Jan 2025 - May 2025
Cloud Security Strategy Project
- Designed secure AWS architecture with IAM least privilege, VPC segmentation, S3 encryption, and multi-AZ resiliency.
- Developed cloud security strategy including DR planning, AWS Shield, CloudWatch monitoring, and compliance controls.
- Produced architecture diagrams demonstrating secure identity, access, and risk-management practices.

PROFESSIONAL ORGANIZATIONS & ACTIVITIES

Upsilon Pi Epsilon (UPE) — Kennesaw, GA
Member of UPE — May 2025 – Present
- Recognized for academic excellence in computing disciplines.

Business Technology Association (BTA) — Kennesaw, GA
Member of BTA — Nov 2024 - Present
- Collaborates with peers and industry professionals on cybersecurity, analytics, and IT consulting.

National Honor Society (NHS) — Kennesaw, GA
Member of NHS — Mar 2023 – Present
- Maintains high academic standards with a GPA of 3.0+ on a 4.0 scale.

TECHNICAL & SOFT SKILLS

Technical Skills: Java, Python, Bash, Terraform, C++, HTML, Linux, Microsoft Access, Tableau, Microsoft Office, Data Analysis, SQL, Power BI, Wireshark, Nmap, Risk Assessment, SIEM (Splunk basics), Log Analysis, Incident Response, Vulnerability Assessment, CIS Benchmarks, Cloud Security (AWS/Azure), Excel

Soft Skills: Leadership, Communication, Analytical Thinking, Structured Documentation

CERTIFICATIONS & TRAINING

Python Bootcamp – Udemy, **Cybersecurity Certification –** Cisco Networking Academy**, Intro to Cloud Security –** Simplilearn, **Precinct Certified User –** WitFoo, **CompTIA Security+** (In Progress)
